

GP Publication of Net Earnings

All GP Practices are required to declare the mean average (e.g. average pay) for GPs working to deliver NHS services to patients at each practice.

Willows Medical Centre – the average pay for GPs in the last financial year was £54,000 before tax and National Insurance. This is for 1 full time GP (allowing for timing of GP changes) who worked in the practice for more than six months. This is equivalent of 5 pence per patient per day.

Willows (Northampton) – care taking

Dishley Grange Medical Centre - the average pay for GPs in the last financial year was £21,323 before tax and National Insurance. This is for 1 full-time GP, 4 part-time GPs and 1 locum GPs who worked in the practice for more than 6 months.

Pasley Road Medical Centre – the average pay for GPs in the last financial year was £41,178 before tax and National Insurance. This is for 1 full time GP (allowing for timing of GP changes) and 1 part time salaried GP who worked in the practice for more than six months. This is equivalent of 5 pence per patient per day.

Willowbrook Medical Centre – the average pay for GPs in the last financial year was £61,719 before tax and National Insurance. This was for GPs who worked in the practice for more than six months.

Heatherbrook Surgery - the average pay for GPs during the year ended 31 March 2015 was £59,252 before tax and National Insurance. This is for 3 full time GPs who worked in the practice for more than 6 months.
